OPEN WEATHER API

openweathermap.org/api

Get daily, weather and history of weather forecast with this API

The screenshot shows the OpenWeather API page. At the top is a dark navigation bar with the OpenWeather logo, a search bar, and links to Guide, API, Dashboard, Marketplace, Pricing, Maps, Our Initiatives, Partners, Blog, For Business, Sign in, and Support. Below the navigation bar is a breadcrumb trail: Home / Weather API. The main content area has a heading 'Weather API' and a paragraph explaining that users should sign up to use the APIs, recommending the 'One Call API 3.0' for more functionality. There are two columns of information. The left column is titled 'One Call API 3.0' and includes a list of data types: Current weather, Minute forecast for 1 hour, Hourly forecast for 48 hours, Daily forecast for 8 days, Government weather alerts, Historical weather data for any timestamp for 40+ years historical archive, and History daily aggregated weather data for 40+ years historical archive. The right column is titled 'Pay as you call' and offers '1,000 API calls per day for free' at '0.0015 USD per API call over the daily limit'. Both columns have a 'Subscribe' button. At the bottom, there is a link to the FAQ.

COINGECKO API

coingecko.com/en/api

Power your applications with crypto data such as live prices, trading volume, exchange volumes, trading pairs, contract address data, crypto categories, images and more.

The screenshot shows the CoinGecko website interface. At the top, there's a navigation bar with links for Coins (9876), Exchanges (774), Market Cap (\$1,213,444,881,400 -1.3%), 24h Vol (\$59,790,775,511), Dominance (BTC 48.2%, ETH 18.3%), and Gas (22 GWEI). The main header features the CoinGecko logo and navigation links: Cryptocurrencies, Exchanges, NFT, Learn Crypto, and Products. On the right, there are links for Portfolio, Login, Sign Up, and a Search bar. Below the header, the main content area has a heading "Explore the most comprehensive cryptocurrency data API for traders and developers". To the right of this text is an illustration of a green frog superhero flying through a network of blue lines connecting various cryptocurrency icons (Bitcoin, Ethereum, Cardano, etc.). At the bottom left, there are two buttons: "Get Your API Key Now" and "Explore Docs >".

DAD JOKES API

 icanhazdadjoke.com

Add humor to your applications with jokes from this API

The screenshot shows the icanhazdadjoke.com website. At the top, there's a navigation bar with a logo, a 'Random joke' button, a 'Search jokes' input field, a 'Submit new joke' button, and buttons for 'Add to Slack' and 'Add to Alexa'. Below the navigation bar, the main content area displays 'Random dad joke:' followed by a green 'New joke' button. A text box contains the joke: 'Why do trees seem suspicious on sunny days? Dunno, they're just a bit shady.' Below the text box are two buttons: 'Permalink' and 'Share on Twitter'. At the bottom, there's a footer section with information about the API, a list of integrations (Contact, Twitter, Slack app, Alexa skill, Discord bot, WeChat plugin), and a list of links (About, API, Random joke, Search jokes, Submit new joke).
